Re: Financial Assurance Pursuant to Administrative Settlement Agreement and Order on
Consent, CERCLA Docket No. 02-2011-2016

Dear Mr. Basso:

This letter is in reply to yours of September 5, 2013, in which you advised that the balance of the referenced Trust Fund had dropped below \$2 million, and in which you directed Occidental Chemical Corporation ("OCC") to establish financial security in another form, as outlined in paragraph 109 of the above-referenced agreement.

In response to this directive, Tierra Solutions, Inc. (Tierra), acting on behalf of OCC, will perform as follows:

- For work performed in September and October by Tierra's consultants, Tierra will pay its consultants directly. It is expected that such work will be invoiced in October and November and will total approximately \$165,000 for the two months' work. Through the end of October, it is anticipated that \$1.753 million, against a \$3.5 million dollar budget, will have been expended. As such, the remaining budget balance will be \$1.747 million which will be funded via the new trust instrument as set forth below.
- Tierra will establish a trust fund on or before November 15, 2013, and at that time make the first installment payment in the amount of \$500,000.
- Tierra will pay into the trust fund the second installment on or before February 15, 2014, in the amount of \$623,547.
